Annual Town Meeting

This meeting is usually held in Saint John's Hall during the month of April and is chaired by the Town Mayor.

It provides an opportunity for residents to talk to councillors and community groups about matters that interest them in the town.

Prior to the meeting, a 'marketplace' event is held in the main hall. Community groups and organisations take a table where they can display their literature and talk to other groups and members of the public about their activities. Some use it as an opportunity to recruit volunteers.
