

**PENZANCE  
COUNCIL**

# Penzance Council Annual Report 2020/2021

## Our response to Covid-19

Our staff teams have continued to work throughout the Coronavirus pandemic to keep Council operations and services running for our residents.

Unfortunately, many events had to be cancelled or postponed due to the virus this year but we were able to act quickly to support local initiatives that were set up to help everyone during the three national lockdowns.

### Social Action Fund

Our Social Action Fund was set up to help address social issues affecting the Parish – including anti-social behaviour, rough sleeping, street drinking and drug abuse.

We have provided £17,492 in emergency grants to organisations and groups who helped our community throughout the Coronavirus pandemic and made additional funds available in November 2020.

The following organisations were awarded grants:

- Cornwall Refuge Trust
- Food for Families
- Trelya
- Growing Links
- Solomon Browne Memorial Hall
- YMCA Cornwall
- Whole Again Communities
- Penlee Cluster

- Pengarth Day Centre
- Citizens Advice Bureau
- St Petroc's - Breadline

We are continuing to work closely with Cornwall Council to provide support to the vulnerable members of our community as lockdown restrictions are gradually lifted.

### Case Study: Trelya

We awarded funding to Trelya to help support children and families living in Penzance East.

Trelya is a registered charity that has been working to support children and families in Penzance for over 15 years.

Based on Treneere Estate, they connect with children and families through existing relationships in the community and a variety of services including mentoring and an 'Outstanding' Ofsted registered nursery.

Following emergency funding from Penzance Council, Trelya was able to respond to the immediate needs of local children, young people and families including:

- deliveries of food boxes
- activity packs including music, art and sports

***“Having somewhere to go when I really need something has made a very real difference for me and the kids.”***

### Case Study: Coast FM

Coast FM broadcasts seven days a week and covers community issues, culture, and specialist music programmes.

During the first lockdown in 2020, they provided updates throughout the week, including information about the local support available, mental health assistance, and food deliveries.

The station also focused on helping to lessen the feeling of isolation felt by many local residents. They are 'run by the community, for the community'. Following a successful application, we awarded Coast FM a grant of £972.

This funding enabled them to:

- Buy new equipment for the station’s volunteers to broadcast from home
- Rebuild their outdoor broadcasting kit to cover local events in the future (subject to Covid restrictions)

***“The home studio set up made it possible to go from one or two shows a week to as many as***

***five or six. Without the studio equipment, I wouldn’t have been on air and the station would have struggled to get presenters keeping our service going.”***

### Case Study: Fisherman’s Mission

The Fishermen’s Mission reaches out to both active and retired fishermen by providing practical, spiritual, and financial support – as well as a vital emergency response service.

Following a successful application, we awarded The Fishermen’s Mission a grant of £1000

This funding enabled them to:

- Deliver welfare support to families
- Support families through a wide range of advice and financial support:
  - Universal Credit applications
  - Applying for rent/ mortgage holidays
  - Home schooling
  - Referrals to counselling
  - Advice on grant applications
- Work on a jointly funded project with Fishing Animateur in Newlyn to provide names of those who they assessed were in need for regular hot fresh cooked meals

***“The Mission made me feel that there were options and strategies available to make this all less stressful.”***

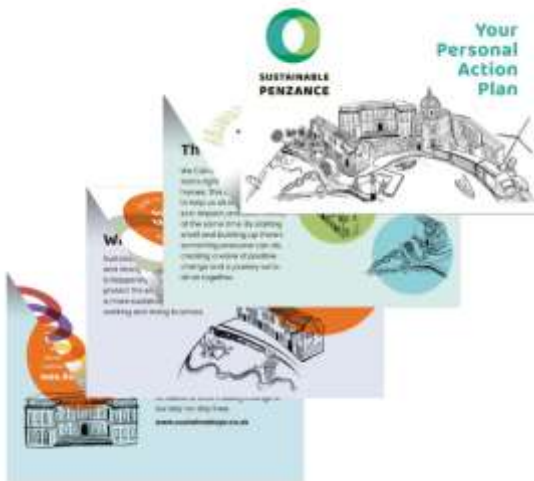

More information about our grant funding can be found on our website: [Grants - Penzance Council \(penzance-tc.gov.uk\)](https://www.penzance-tc.gov.uk)

# Highlights of the Year

## Climate Emergency Strategy

We are very proud to be one of the first local councils in the country to adopt a Climate Emergency Plan. We are committed to leading the fight against climate change in Penzance and will continue to work with our partners, local residents and visitors to deliver our ambitious plans.

Most recently, we granted £8,500 to [Sustainable Penzance](#) to design an online portal and a set of Community Toolkits to help households, businesses, and schools become more environmentally sustainable. A Personal Action Plan and Penzance Council information leaflet was mailed to every household in the parish.

Sustainable Penzance – Personal Action Plan

As a Council, we also sit on the working group for the [Healthy Streets PZ Scheme](#). The aim of the scheme is to reduce traffic and pollution levels in the town centre and create a better environment for all.

## Funding Bids

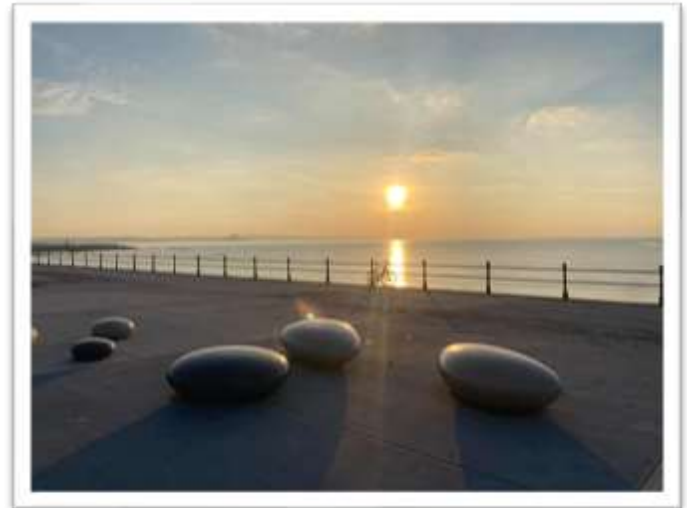

The Town Deal Board has submitted the Penzance Town Investment Plan to the Government, bidding for up to £25m to support economic regeneration and clean growth.

This is another great opportunity for the town on top of the recently won £10.4m from the Future High Street's Fund. The Government sets the terms and the money has to go towards "significant and potentially transformational capital projects" so it cannot be used to make piecemeal improvements.

[You can read the full Investment Plan on the Love Penzance website.](#)

## Prom refurbishment

The Promenade is one of the jewels in the crown of Penzance and we are delighted that this much-needed restoration is finally taking place so residents and visitors can enjoy it for years to come. The £1.4 million scheme is now nearing completion, with many people already making the most of this fantastic public space.

(Photo: Shaena Mills)

As part of this work, we contributed £65,800 to ensure that new flagpoles, benches, and pebble seats were included as part of the project.

## Commitment to better community engagement

As a council we know how important it is to be visible and accountable to the local community that we serve.

This year we have adopted a new Community Engagement Policy to help make it easier for local people and businesses to have a conversation with us.

In July 2020 our new website was launched! The new site provides an online one-stop-shop for everyone to find out what the Council is all about including: meeting information; services; the projects we are currently working on; funding and employment opportunities; and up-to-date Council news. [Visit our website today!](#)

Alongside the website, our Facebook page was launched to help engage with our residents on social media. Since launching in July 2020, we have built an audience of over 700 followers and have had over 6,000 engagements with our page content.

Currently, all Full Council meetings are streamed live on Facebook to encourage more of our residents to get involved in the work of the Council and local initiatives. We regularly post about local funding and job opportunities, community support, meetings information and local events. If you are not already following us [visit our page to sign up!](#)

**Socially Distanced / Virtual Remembrance Services**

Due to Covid-19 restrictions, VJ Day 75, HMS Penzance, and Remembrance Sunday were unable to take place as usual this year with public services and civic processions.

VJ Day 75 commemorations at Penzance Cenotaph – Aug 2020

VJ Day 75 commemorations were able to take place on a small scale in August 2020 when restrictions allowed people to meet outdoors. It formed part of an international programme of virtual and socially distanced events commemorate the anniversary.

With some forward planning we were able to pre-record a Remembrance Sunday service in advance and stream it online for everyone to take part on the day.

We would like to thank the Deputy Town Crier, Penzance Royal British Legion, West Cornwall Light Infantry Association and Penzance Silver Band who took part in [the town's first virtual act of remembrance](#).

We also had the opportunity to take part in the 'Poppies to Paddington' event on Remembrance Day itself.

The Mayor of Penzance joined the Lord Lieutenant of Cornwall and representatives of Armed Forces charities to lay a wreath on the 04:58 GWR train to Paddington.

Wreaths were carried to London from across the country on nine train services, stopping off at more than 60 stations. On arrival in Paddington Station, the wreaths were placed at the station's own war memorial on Platform 1 in time for the Remembrance Day service at 11 o'clock.

# How the Council works

Penzance Council operates at the most local level of government with twenty Councillors elected for a term of four years. These Councillors work for the town and the surrounding areas and are supported by a small team of paid officers headed by the Town Clerk.

As well as Penzance, the Council also represents the distinct communities of Newlyn, Mousehole, Paul, Heamoor, Eastern Green, and Gulval.

The full Council meets at least six times a year to take major decisions and oversee activities of the Council. The Full Council will also consider recommendations from its four standing Committees:

- Finance and General Purposes
- Leisure and Amenities
- Penlee House
- Planning

The first three of these Committees meets on an eight-weekly cycle. The Planning Committee meets approximately every three weeks to fulfil the Council's role as a statutory consultee on all planning applications.

The Committees are also supported by a specialised Climate Emergency Sub-Committee.

We also have the following working groups:

- Coach House Refurbishment
- Communications Strategy
- Devolution
- Public Toilets
- Youth Services

Councillors are also appointed to represent the Council on local outside organisations.

Agendas for all meetings are issued six days before the meeting is due to take place and are posted on our public noticeboards and on the Council's website.

The press and public are welcome to attend Committee and full Council meetings and have the opportunity to put questions, or comment, on agenda items at the beginning of the proceedings.

The minutes for Committee and Council meetings are published once they have been approved and can be viewed on our website at: [www.penzance-tc.gov.uk/meetings](http://www.penzance-tc.gov.uk/meetings)

The Calendar of Meetings for the year is also on the Council's website and notice board. Please contact Hester Hunt, Town Clerk for any information regarding Council meetings by emailing: [info@penzance-tc.gov.uk](mailto:info@penzance-tc.gov.uk).

# What our Committees do

## Finance & General Purposes Committee

The Committee has responsibility for overseeing the financial affairs of Penzance Council and all aspects of Corporate Governance.

The Committee also considers small grant applications for community groups and strategic grants for larger schemes; this year, a total of £96,312 was granted to 12 organisations.

This has been a very difficult year, mostly due to Covid, and setting a budget has been a long and arduous task. As different scenarios appeared, such as national lockdowns, we had to adapt to them. We have had numerous forecasts for future income and expenditure, but these have had to be adjusted as new restrictions were brought in by central government. Another impact has been the withdrawal of the Council Support Grant by central government and we have had to make allowances for future years.

We re-directed our Social Action Fund to provide emergency funding to organisations to help our local residents during the national lockdowns.

As it stands at the moment, we are increasing our budget which will have an impact of £5.89 a year on an average Band D property but this leaves us in a secure position for future years.

## Leisure & Amenities Committee

The Committee is responsible for the maintenance and management of Penzance Council assets.

These assets range from open spaces and public toilets, to buildings owned or managed by the Council and the delivery of key public services across the Parish.

Whilst the work of the committee is varied and challenging, the Leisure and Amenities Committee has a direct ability to positively influence and affect the “public facing” responsibilities of Penzance Council.

Projects this year include:

- Devolution Assessments & Survey Reports for improvement works
- Introduction of a non-chemical weeding programme
- CCTV expansion
- Town & Promenade Banner projects
- Improvements at Penlee Park
- Maintenance of our public toilets

## Penlee House Committee

The Committee deals with all matters relating to the management of Penlee House Gallery & Museum. The Committee establishes service policies, approves programmes of work, monitors performance and takes decisions in respect of those matters detailed in the approved budget.

Over the past year the Committee has approved policies and procedures relating to Health & Safety and has initiated an independent review of the service as well as supporting the increase in remote community access during the pandemic.

## Planning Committee

Penzance Council is a consultee for all Penzance Parish planning applications and the Planning Committee meets at regular three-weekly intervals on a Wednesday evening.

Over the past year the Committee has commented on over 241 planning applications. There has been a noticeable trend for converting former commercial and business premises into residential properties, for example, the conversion of St Paul’s Old School into 9 residential units.

The Committee was also pleased to support the ongoing project for converting Polwithen House (formerly Bolitho School) into a residential care hub.

A more unusual application was for the installation of wave monitoring equipment on the promenade submitted by the National Oceanography Centre and Plymouth University.

When reviewing every application, the Committee is aware of the impact development may have on the environment and members actively support and promote sustainable building practices and the inclusion of 'green' energy in line with the goals of the Council's adopted [Climate Emergency Action Plan](#).

## Devolution

We are continuing to work closely with Cornwall Council and local communities to take over the running of local services. This will enable the community to have more control and investment in the town and its assets.

We took over the management of 6 public toilets across Penzance in 2016 to ensure these facilities would remain open for people to use. Since then, we have invested £50,000 to improve the facilities and have employed local cleaning contractors to maintain them.

We are also continuing to help subsidise Jubilee Pool – in the last year we awarded them £61,400.

- Alexandra Play Park and the nearby tennis courts
- Princess May Recreation Ground
- Foxes Lane Play Park in Mousehole

Alexandra Playpark

We are now planning to take on several new assets so they can be improved for everyone to enjoy. Steps have already been taken to put funding in place for the next phase of projects so that work can begin as soon as the handover from Cornwall Council happens.

The next planned phase will include us taking on the management of:

Alexandra Road Tennis Courts

Princess May Recreation Ground

# Our Services

We provide a range of services to the local community and the large number of tourists who visit the town every year.

## Allotments

We manage approximately 200 allotment plots across 8 sites in the Parish. In the last year we've seen a big increase in the number of people contacting us to have their name added to the waiting list.

Plots are only available to people who live in the Parish area of Penzance. Due to their popularity, there is a long waiting list – to reduce waiting times we will often split plots in two when they become available for new tenants.

Our teams continue to work hard to maintain standards and make improvements across all of our sites

## Wellfields Car Park

We are responsible for the management of Wellfields Car Park (next to Penlee Park). It provides good value long-stay parking for people working in and visiting Penzance: the current price for a 24-hour ticket is £2.50 (subject to annual review). The car park has 141 spaces, including 4 spaces for Blue Badge Holders

We also operate a Quarterly Parking Permit to provide further cost savings to those who use the car park regularly. You can [find out more information on our website](#). (All income from the car park is used to maintain the car park itself)

## Grants

We operate a small grants scheme to help community groups and the voluntary sector to deliver initiatives and provide funding for things like fairs and events, our local Farmers' Market and talented members of sporting associations.

As well as small grants, we also provide sums of over £500 as match-funding for larger schemes.

In the last year we provided a total of £96,312 in small and strategic grants to 12 organisations including: Coast FM, Jubilee Pool, Good Old Furniture Available (GOFA), and Music at St. Mary's.

## Penzance Christmas Lights

We are responsible for the hire, installation, and maintenance of the suspended Christmas lights throughout Penzance and the sourcing and lighting of the Christmas tree next to the Market House. We would like to thank Penzance BID, local businesses, and residents in Penzance for their continued support which made the lights in town possible.

Following interest from the public this year, a group will be set up to review the decoration of the tree for Christmas 2021.

We also provided grants to Newlyn and Gulval to support their Christmas Light displays and the Methodist Chapel's Christmas Tree in Heamoor.

## Penlee House Gallery & Museum

Penlee House Gallery & Museum is a unique cultural venue, open to the whole community, with an important collection of paintings by the internationally-renowned Newlyn School and Lamorna artists, as well as a large collection of artefacts celebrating the archaeological and social history of West Cornwall.

Penlee House has maintained a strong programme of community engagement during the Covid-19 lockdowns including: working with local foodbanks to distribute 100 free boxes filled with art materials for children; developing Arts & Health workshops for adults that can be delivered online; and continuing work with Carefree Cornwall to develop a Culture Card for young people living in care and care leavers.

The Gallery's social media has encouraged followers to get creative as part of the Penlee Inspired Online challenges, where weekly creative challenges were set, and the responses were shared in an online exhibition.

The main exhibition for the year was Newlyn School Interiors, which borrowed key works by Stanhope Forbes and Frank Bramley, which had not been seen in Cornwall for several years. Other exhibitions are planned for 2021, once the coronavirus restrictions are lifted. Admission is free for residents in the Penzance Council area. Please just bring along proof of address to receive your pass.

### Penlee Park

Our Leisure and Amenities Team are based in Penlee Park – a popular public garden in the heart of the town. The park offers a range of open spaces and wooded areas to explore, with the addition of a sensory garden and a Memorial Garden for quiet contemplation. The park is also home to Penlee Open Air Theatre, tennis courts, an accessible playpark and a Memorial Chapel.

Over the past year a new fence has been installed between the park and Penzance Football Club to help improve security. A new hedgehog house has been added and wildflower planting is also being trialled throughout the park to encourage more wildlife and pollinating insects like bees.

New recycling bins are also due to be installed as part of our Climate Emergency Action Plan.

### Public Toilets

We took over the operation of six public toilets from Cornwall Council in 2016. Over the past 12 months we introduced enhanced cleaning to ensure that the facilities could remain open during the Coronavirus pandemic.

### Community Toilet Scheme

We were one of the first local councils to introduce a 'Community Toilet Scheme' which sees local businesses encouraged to open their doors and facilities to members of the public. Businesses across Penzance, Newlyn, Heamoor, and Gulval are part of the scheme. Due to the ongoing Coronavirus pandemic and the added pressure on local businesses, membership of the scheme has been frozen for 2021.

### Wherrytown Skateboard Plaza

Working closely with Kerbs Skateboard Association, we manage and maintain the Wherrytown Skateboard Plaza. The Plaza is open to all abilities of bikers, skaters and scooters all year round.

The cleanliness and upkeep of the facility is credit to the Kerbs Association who promote ownership and responsibility amongst users to ensure it remains in good condition.

Photo: Matt Chivers

An earmarked reserve for the Plaza was established in 2020 to help fund future improvement projects with the support of Kerbs Association.

### CCTV

Protecting public spaces and making our residents feel safe is one of our key priorities. We own and maintain 17 CCTV cameras throughout the town as part of a partnership programme with nine other local town councils. We also contribute to the costs of carrying out the centralised monitoring of this system from the control centre in Tolvaddon which helps to link and support the emergency services in the resolution of issues.

# Projects we supported

We give financial support to community organisations through a small grants fund and a strategic grant partnership programme for larger projects which benefit our parish.

Here's a brief snapshot of some of the strategic partners we supported this year:

## St Piran In Penwith

A voluntary, non-profit making group, the St Piran in Penwith Committee was set up 15 years ago with the aim of encouraging young people to have an interest in Cornish culture – through song, music and dance. Our grant allowed the group to continue its St Piran Celebrations online this year due to Covid lockdown measures.

School children dancing in the 2020 St Piran's Furry Dance (Photo: Greg Martin / Cornwall Live)

A virtual furry dance, Cornish sing-a-long, Trelawney shout, children's art competition and other activities were all hosted online.

We hope next year can see a return of school children dancing in the streets and people coming together in person to celebrate our patron saint.

## Pengarth Day Centre

Pengarth Day Centre was forced to close to clients in March 2020, following government Coronavirus guidelines. We awarded Pengarth a grant of £2,500. This funding enabled them to:

- Deliver over 10,000 Meals on Wheels
- Make thousands of welfare check phone calls to their most vulnerable clients
- Fit protective Perspex shields in two vehicles

## Newlyn and Gulval Christmas Lights

As well as organising the Penzance Christmas Lights, we helped to fund the voluntary groups that organised the Christmas lights in Newlyn and Gulval for Christmas 2020; between them, we awarded £8,400 in total.

Newlyn's upcycled Christmas Tree (Photo: Rachel and John De Rienzo)

## Jubilee Pool

The Pool is operated by Jubilee Pool Penzance Ltd, a Community Benefit Society (CBS), trading as Friends of Jubilee Pool. The CBS are supported by Penzance Council and Cornwall Council. Our grant contributes towards winter maintenance costs and the reduced entry fee for residents in the parish - this year we awarded a total of £61,400.

### **Penzance Community Flora Group**

Set up in 2011, Penzance Community Flora Group, is comprised entirely of volunteers and looks after many of the town’s hanging baskets, planters, and flower beds.

We provide financial support to the group and have previously helped with watering. This year our Gardening Team have delivered a town-wide watering programme so the Flora Group can grow plants and look after weeding, tidying and planting in various locations around the town.

The volunteers also plant up the tiered planters on Causewayhead and hanging baskets for other retail outlets around the town.

Throughout the past year, the group has been busy improving the flowerbeds around St John’s Hall, Abbey Basin and St Anthony’s Gardens. The group received a well-deserved Certificate of Recognition from the Prestigious RHS Britain in Bloom and are looking to re-enter the competition next year.

Members of Penzance Community Flora Group

## **News in Brief**

### **Local Council Award**

We were delighted to receive the Quality Award from the National Association for Local Councils (NALC).

The award is part of the Local Council Award scheme which was set up in 2014 to celebrate the successes of the very best local councils.

The award confirms that our Council operates a good practise in governance, community engagement and council improvement.

To achieve this award, we have demonstrated that we meet the minimum required standards for the Foundation Award. In addition, we have shown that we go above and beyond our legal obligations, effectively lead the communities in our parish, and are continuously seeking opportunities to improve and develop even further.

We are now working towards the Quality Gold Award.

### **Earth Protector Town**

In January 2021, we became an [Earth Protector Town](#) – a global collaborative movement of towns to protect the earth!

As a Council we have committed to collaborate and cooperate with communities, other local government bodies, businesses, and other organisations to protect land, wildlife, air soil and water.

Penzance is one of only five Earth Protector Towns in the UK!

Find out more about the [Stop Ecocide campaign](#).

# Money Matters

The bulk of the Council’s income comes from the Precept, which is a levy within your council tax. The rest of our revenue is made up from a range of sources including grants and income-generating activities.

The 2020/21 income and expenditure budget has been reviewed as a result of Covid-19 and will be kept under review throughout the year but here is a snapshot of where it comes from and how we will be spending it this year.

### 2020/2021 Budgeted Expenditure

- Penlee House
- Public & Community Toilets
- Administration & Governance
- Climate Emergency
- Surveys
- Penlee Park, Allotments & Open Spaces
- Civic Office
- CCTV
- Facilities Management
- Miscellaneous
- Contribution to Reserves
- Grants to Community Projects
- Neighbourhood Plan
- Equipment & Leases
- Weed Control
- Penlee Car Park
- Social Issues & ASB Case Worker Support
- Golowan & Flags Project
- Christmas Lighting
